

# Down Under Ground

*Delight your kids with this fascinating & magical journey*

Through this all new enchanting and magical storyline the Bug Kidz cast introduces two new character puppets, Jerry the Garden Gnome and Sparkles the fairy. The children will be amazed and entertained as they learn how to help Jerry in the garden by eating more fruit and vegetables. This show will help them to understand that their scraps can feed the bugs in the worm farms and compost bins. What a fantastic way to provide some vital plant food for our gardens.

Learning through music and play helps to re-inforce just how easily we can live and adapt to a sustainable life style with the help of nature! This of course includes the bugs  
**Down Under Ground.**

Sparkles the fairy, will magically leave some picture charts for each classroom, this will help to encourage the children to eat healthily and provide scraps for the worm farms and compost bins.

Information sheets of how to start, or how to make a worm farm or a compost bin, will be left at your Child Care Centre. If you are already composting or worm farming, Lea will be happy to offer additional support, advice, or assistance for maintaining them if needed.

**The Bug Kidz - "Down Under Ground"** show is designed to delight children of all ages.

A fully self-contained show which includes professional music, sounds, backdrop, and props - Everyone, including you, can just sit back and enjoy the show!
